Jangareddigudem, Andhra Pradesh, India.

EDUCATION

Sri Vasavi Engineering College, Andhra Pradesh
Bachelor of Technology in Computer Science   2020 - 2024
CGPA: 7.98

Vidya Vikas JR college, Andhra Pradesh
Intermediate(M.P.C)   2018 - 2020
CGPA: 9.57

Teja Sri English Medium High School, Andhra Pradesh
SSC   2017 - 2018
CGPA: 9.0

PROJECTS

Enhancing Kyphosis Disease Prediction: Evaluating the Efficiency of Machine Learning Algorithms
-Technologies used: Machine Learning–RFC, Pandas, Seaborn, Pickle,Python.
-Developed a ML model for the early diagnosis of kyphosis, using patient data.
-Used techniques like Decision Trees and SVM.
-The model helps enable early intervention for improved patient outcomes.

Emosify:Emotion based Music Recommendations
-Technologies used: Deep Learning-CNN, Django, Tensorflow, Numpy, HTMLCSS.
-A user-friendly web application that captures user facial expressions.
-Analyze those expressions and recommends based on user's mood.
-This application was developed to make users stress-free.

CERTIFICATIONS

AWS Cloud Architecting by AWS Academy.
-Certified in AWS Cloud Architecting.
AWS Cloud Foundation by AWS Academy.
-Certified in AWS Cloud Foundation.

SKILLS

Technical Skills: C++,Java
FrontEnd: HTML,CSS
Frameworks: Django (Python)
Container Technology: Docker,Kubernetes
Collaboration Tools:GIT
Cloud Platform:AWS
Database:SQL
Languages: Telugu, English, Hindi

EXTRACURRICULAR ACTIVITIES

-Worked as a NSS Volunteer in college.
-Organize events on photography.
